Captain's Note

Dear Valued Members,

The year so far has been nothing short of remarkable, and I couldn't be more grateful for you, our members. For your dedication to the game of golf, your contributions on and off the Course have been immeasurable and I am grateful to you.

Several tournaments have taken place recently, with a few stand-out events, including:

January Mug held on 20th January, Dr. Kyaka Memorial held on 27th January, Kenya Dental Association held on 1st March, Wanabima Golf Day held on 2nd March. I would like to take this opportunity to thank the following sponsors whose contributions made these events memorable: The Sokhi Family, EABL, Pinecrest Construction Company Limited, Kenyatta Hospital, KenMeat, Old Mutual, Minet, Zamara. Kenya Re, Coca Cola, Jubilee Insurance, First Assurance, and all the Member contributions that made these events the resounding success they were.

We recently held the Tannahill Shield tournament, and our course was in impeccable condition, thanks to the dedication of our course team. We want to express our heartfelt gratitude to all our members for their unwavering support throughout the event. This victory is a testament to our collective effort and commitment to excellence. Together, we epitomize the spirit of the real home of golf.

To boost our capacity in delivering a quality golf course, we received two trimmers that are currently being used according to schedule. This ensures a smooth, neat looking course for a better golfing experience.

To boost the quality of our greens, we have been implementing solid spiking and pencil tining every fortnight, paired with weekly dusting. This has greatly improved them, and given them a new lease of life.

The outlet for dam 15/16 was expanded at the point of the No. 15 Tee Boxes to get more overflow of water. By expanding the outlet, the management aims to control the water levels in the dam more effectively, especially during periods of heavy rainfall or runoff.

As we continue to prepare ourselves for the 99th edition of the Tannahill Series, I am proud to say that the team is gearing up for the competition by ensuring that the presentation of the golf course is at its best.

We are working hand in hand with all those involved to ensure everything, from the Fairways, to Tee Boxes, and roughs, goes according to plan, and that you, our esteemed golfer will have a memorable time here at Royal Nairobi Golf Club.

Dr. Richard Owino
Captain Royal Nairobi Golf Club

Golf Tips

Jack Nicklaus said, “Success depends almost entirely on how effectively you learn to manage the game’s two ultimate adversaries: the course and yourself.”

As we continue to prepare for the 99th Edition of the Tannahill Shield, it is good to ensure that we are in tip top condition: Physically and mentally.

We all know that the right mindset means half the job is done, the rest will just follow. Here’s how you can ensure that your mind is clear, and your physical health is in check:

Nutrition:

Prioritize balanced meals that include a mix of carbohydrates, protein, healthy fats, fruits, and vegetables. Opt for complex carbohydrates like whole grains, fruits, and vegetables, which provide sustained energy throughout the round. Choose lean sources of protein such as chicken, fish, tofu, or legumes to support muscle repair and recovery. Avoid heavy, greasy foods that can lead to sluggishness and discomfort during play.

Pack healthy snacks like nuts, seeds, fruit, or energy bars to fuel up between rounds or during breaks.

It is important to consider the timing of meals to avoid feeling too full or hungry during play; aim to eat a balanced meal 2-3 hours before teeing off.

Hydration:

Stay well-hydrated before, during, and after the tournament to maintain optimal performance and concentration. Drink water consistently throughout the day leading up to the tournament to ensure proper hydration. Bring a refillable water bottle and sip water regularly during the round, especially in hot or humid conditions.

Avoid excessive caffeine and alcohol consumption, as they can contribute to dehydration. Consider incorporating electrolyte-rich beverages or sports drinks to replenish lost fluids and minerals, particularly during long rounds or in high heat.

Rest and Recovery:

Prioritize getting adequate rest in the days leading up to the tournament to ensure your body is well-rested and ready for play. Aim for 7-9 hours of quality sleep each night to support physical and mental recovery.

Avoid overtraining or intensive practice sessions immediately before the tournament, as this can lead to fatigue and decreased performance.

Incorporate active recovery activities such as light stretching, yoga, or gentle walks to promote circulation and relaxation.

Listen to your body and prioritize rest if you're feeling fatigued or sore; pushing through exhaustion can increase the risk of injury and hinder performance on the course.

By focusing on nutrition, hydration, and rest, golfers can optimize their physical and mental readiness for tournament play, ensuring they perform at their best throughout the event.

May the odds ever be in your favor!

Our team is committed to meeting the established deadline. your patience and understanding during this period of transition is highly appreciated.

Additionally, there has been a proposal to look into solar energy as an alternative power source. This initiative aims to not only reduce our environmental footprint, but

also provide a sustainable solution for our energy needs. A letter of Expression was sent to interested bidders and we will keep you updated on progress.

Dam No. 15 Outlet

The excavation process had begun and culverts were fixed and backfilled. Further excavations to the areas that needed manual labor have begun as well. The Contractor has been requested to add manpower to aid in completing the work as soon as possible.

Water Pump:

An update from the technician stated that the outstanding balance for the two motors is Ksh.189,000/= . They requested for an upfront payment of Ksh.94,500/= to cater to repairs, as well as to bring and test the pump.

As we move forward with these projects, your support and cooperation are invaluable to us. Please rest assured that we are committed to delivering the best possible outcomes for our members and the club as a whole.
